

Hope Deferred

Hope deferred maketh the heart sick....

Proverbs 13:12

The days slip past
and you look for a cloud in the sky,
a rainbow, some sign
of promise from the Father
and you do feel sick.
Sick until death
You cannot carry this loss
You cannot bear more
Waiting, so you pray
Take the desire, the taste away.
You wonder if a 12 step program can help you
let go of a dream
You pray that you can be
Like other people
Satisfied.
Instead of sitting with hope
on your chest crushing
life in you
